You may have heard already, but I wanted to make sure that you knew that Governor Palin has been selected as Vice Chair of NGA's Natural Resources Committee for 2007-2008. When appropriate, this would probably make a good press release.

We look forward to working with the Governor and you to make her tenure as meaningful as possible.

Subject: The Rest of the Story...

At Tuesday's SB131 bill signing I was a bit mortified to hear the "boos" from the Construction Site Workers looking down from the floors of the Atwood Parking Center as she announced the name as the "Linny Pacillo Parking Center". It didn't make sense why they would boo, until today...

From their vantage point on sitting on the 3rd & 4th levels of the parking garage they could see what was taking place during the minutes that the Governor and Senator Ellis were speaking. Apparently 2 uniformed officers were writing a parking ticket just over the wall behind the Governor's podium. The owner of the vehicle rushed out as they were writing the ticket, putting money in the meter and pleading with them not to write the ticket. The Officer shook his head saying "no, sorry", handing the ticket to the woman. The irony that in the very ceremony the Governor was signing a bill memorializing the Parking Fairies in the new State structure, someone was receiving a parking ticket feet away.

Governor, you should have a draft PPT schedule from Pat tonight for your review :)

Mark Myers was very positive about your interest in the climate change issues. He agrees that your involvement / leadership would be significant. He said that if you could schedule a half day in Alaska or DC he would provide several experts to give you a complete overview of the issues.

Just received three names from Kristan, BAC. Privileged or Personal Material Redacted Privileged or Persona. We are already starting to schedule interviews.

Busy but good day. Tom

Excellent. Thanks so much. Odd to have to admit it - but I agree with both Doogan and ADN's article asking me to ask legislators to have to vote again. As long as Pat and Mark, et al, know where we need to head - then I trust that DOR will have info to consider, soon, so the sp session call can be made soon.

Since Mark was in town and I always think you want the best on a priority issue he agreed to participate. Discussions are complicated but proceeding well. Will keep you up to date. Tom
